EDUCATION

01/2021

Master of Science - IT

University of Cumberland
Cumberland, KY

01/2016

Master of Science - Computer
Science

University of Central Missouri
Warrensburg, MO

01/2012

Bachelor of Science -
Computer Science and
Engineering

Jawaharlal Nehru Technological
University
Anthapur, AP, India

PROFESSIONAL SUMMARY

Accomplished Front End Developer with a robust background in developing angular applications and migrating legacy systems to modern frameworks for industry leaders like Home Depot. Expert in Angular 16, Java, and integrating Java services, demonstrating a keen eye for design and a strong ability to enhance user experience. Proven leadership in managing project lifecycles and a collaborative team player, achieving seamless deployments and significant application improvements.

TECHNICAL SKILLS

- TECHNICAL SKILLS
- Linux, Unix, Mac OS, Windows
- HTML5, CSS3, Java, JavaScript (jQuery, React.js), Ruby, Gherkin, SQL, Python, PL/SQL, Java, XML
- MySQL, PostgreSQL (RDBMS), , and MongoDB (NoSQL)
- Angular 16, Ionic 4, 5, Selenium, Factory Girl, Capybara, Selenium, Jenkins, RVM, Git, GitHub, JIRA, Workfront, TestNG, Tomcat Server, Rational Rose, Jasmine, Puppet, Varnish, Apache, Docker, Passenger, Nginx, Unicorn

EXPERIENCE

FullStack Developer

Kforce/Home Depot(Contractor) | San Antonio, TX

11/2021 - Current

- Designed scalable front-end solutions with Angular 16 framework integrated with Java 8.
- Conducted migration of applications using the latest Angular and updated Java framework.

WEBSITES, PORTFOLIOS, PROFILES

- <https://sbalija.info/>

- Designed scalable web-based solutions utilizing advanced frameworks such as Spring Boot and Spring MVC.
- Developed and implemented Jest-based unit test cases addressing various service scenarios.
- Implemented reactive programming principles to optimize application state handling.
- Leveraged advanced SCSS techniques, following material design guidelines, to tackle complex styling issues.
- Enhanced application security by performing necessary library updates.
- Deployed enhancements and ensured Java Services stayed current.
- Supported live applications and addressed issues.

Front End Developer
ICS/RBFCU(contractor) | San Antonio, Tx

- 03/2019 - 11/2021*
- Developed mobile applications and websites using Angular 7, Angular 8, and Ionic frameworks.
 - Developed unit tests and integration tests using Jest, Jasmine, and Cucumber.
 - Specialized in managing state and data interactions using NgRx.
 - Implemented weekly deployments to production.
 - Assigned tasks to team members to achieve sprint objectives.
 - Reviewed code to ensure adherence to quality standards.
 - Upgraded Ionic versions with comprehensive testing of new behaviors.

Front End Developer
ICC, Chemical Abstract Solutions(contractor) | Columbus, OH

- 09/2017 - 01/2019*
- Developed front-end components using Angular 5 and integrated with backend systems.
 - Demonstrated proficiency in front-end web development using HTML5, CSS3, and JavaScript.
 - Upgraded Ruby version from 2.2.10 to 2.6.0 with notable success.
 - Streamlined development processes through

rigorous testing practices, ensuring seamless deployment.

- Attended business meetings to develop business logic with product owners using Ruby.
- Optimized design framework for website interface utilizing modern tools like Ajax and Angular.
- Implemented and optimized Ruby core functionalities.
- Designed and executed new features through RESTful APIs.
- Configured Web API endpoints for data consumption across multiple web applications.
- Developed behavior-driven tests using the Groovy and Spock framework for Ruby implementations.

Front End Developer PAYPAL(Intern)

- 08/2016 - 09/2017*
- Designed and validated functional components utilizing modern web technologies within an iterative development framework.
 - Programmed JavaScript functionalities for pages and popup screens.
 - Participated in daily standup meetings with project stakeholders to discuss progress updates.

Front End Engineer Blooms Solution Inc | Hyderabad, Andhra Pradesh

- 09/2013 - 07/2015*
- Developed JavaBeans facilitating application components' deployment.
 - Developed web applications using Ruby on Rails during the design and development phases.
 - Developed and tailored Use Cases to meet specific business requirements.
 - Enhanced functionality of upload care-ruby gem and ng-upload care libraries for image and video storage.
